

In order to achieve our vision, in the next 5 years we will aspire for the Jessop Stockwell Federation to be a centre of excellence where:

Every child

- feels safe, valued and listened to
- is tolerant and inclusive
- is empowered to achieve, regardless of their starting point
- will, through our creative curriculum, develop their talents, and become an active independent learner with the skills and values to make a successful transition to the next stage in their education
- leaves the federation a creative caring individual; a global citizen equipped to make a positive contribution and shape a better world

All staff

- are highly motivated and dedicated
- exemplify best practice, resulting from outstanding & on-going professional development
- contribute to teaching and learning that aspires to be Outstanding
- receive excellent on-going professional opportunities
- are encouraged to innovate and develop their potential as leaders

The Federation

- provides a broad-based education, including music, arts and sports, as well as core subjects, as part of its creative curriculum
- is recognised regionally as a centre of excellence, innovation and best practice
- has a shared sense of values and accountability, understanding the communities it serves
- collaborates and benchmarks to add value to the individual schools
- always seeks value for money and economies of scale
- has the capacity to expand, without jeopardising its standards
- has an effective governing body which is able to hold the school leaders to account for delivering its vision

Parents and community

- recognise each school and Children's Centre to be a community asset
- trust the Federation to nurture each and every child in its care
- know that their diversity is valued and celebrated
- support positive partnerships between the schools and parents and carers
- know that the Federation strives to develop partnerships to improve the education available to all local children
