

For the last 2 and a half months' school has been closed to many of you. Some of you may have found this time very hard. There are days where you may have felt lonely, confused and bored. Being unable to do the things that you normally do can be disappointing and at times make you feel sad. It is normal to feel this way. When you do feel unhappy at times, know that you are always in our thoughts and that there are people in your lives that care about you. We are working hard to prepare the school for you. When the Government tells us that it is safe for you to return, the school will be ready for you to come back and enjoy some of the many experiences that you are used to being a part of. Remember to stay safe and continue to wash your hands regularly. All the best!

## Jessop Reopens!

## Bubble Life

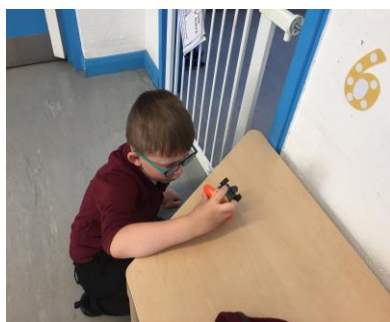

Over the last two weeks we have seen the return of 79 children across Reception, Year 1, Year 6 and Key Workers. It has been great to see them again! We are so proud of each and everyone for lining up beautifully and for adapting to the new systems so wonderfully. Children are learning and working at their own desks throughout the day and are also enjoying other areas of the curriculum including live Spanish lessons, Dance with Mr Leroy and PE with Ms Terry. Children have their lunch delivered to their classroom and eat in their Bubble groups before going out to play. Please remember to complete the weekly survey if you would like to send your child to school the following week. Well done to all children, parents and carers and a special thank you to all members of staff for coming in to teach and support our children!

### What did our teachers say?

*The Year 1 bubbles have made a bright and brilliant return to onsite learning. They have proved resilience beyond their years and have been bursting with ideas and creativity, throwing themselves into character adjectives and number bonds. They have been following the new school rules and discussed why this is important.*

## Year 6 Bubble A

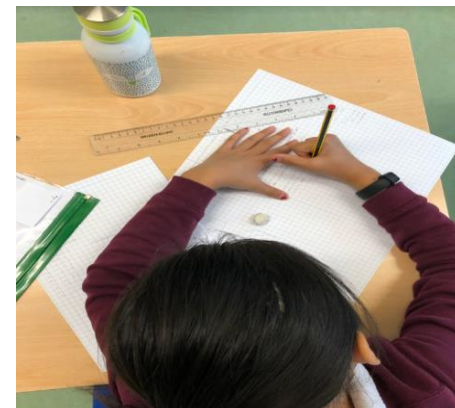

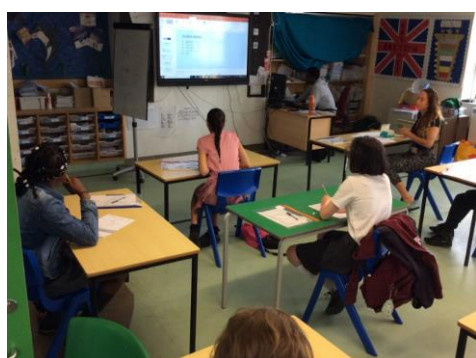

### What did our Year 6 pupils say about returning to school?

"Seeing my teachers put a giant smile on my face. I missed them so much!"

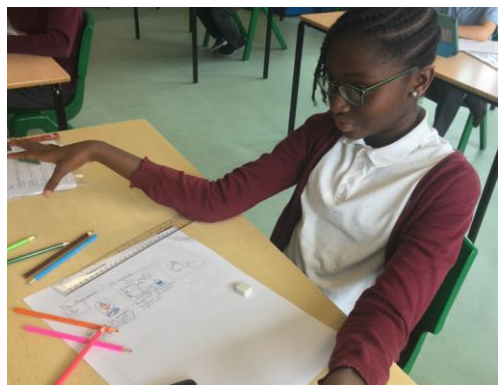

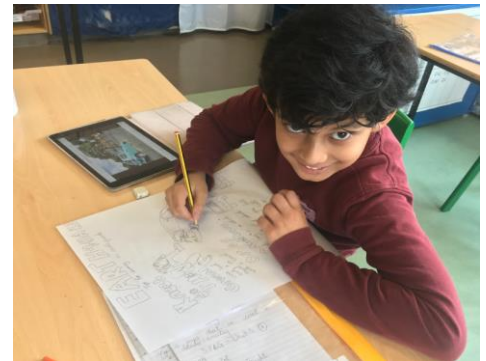

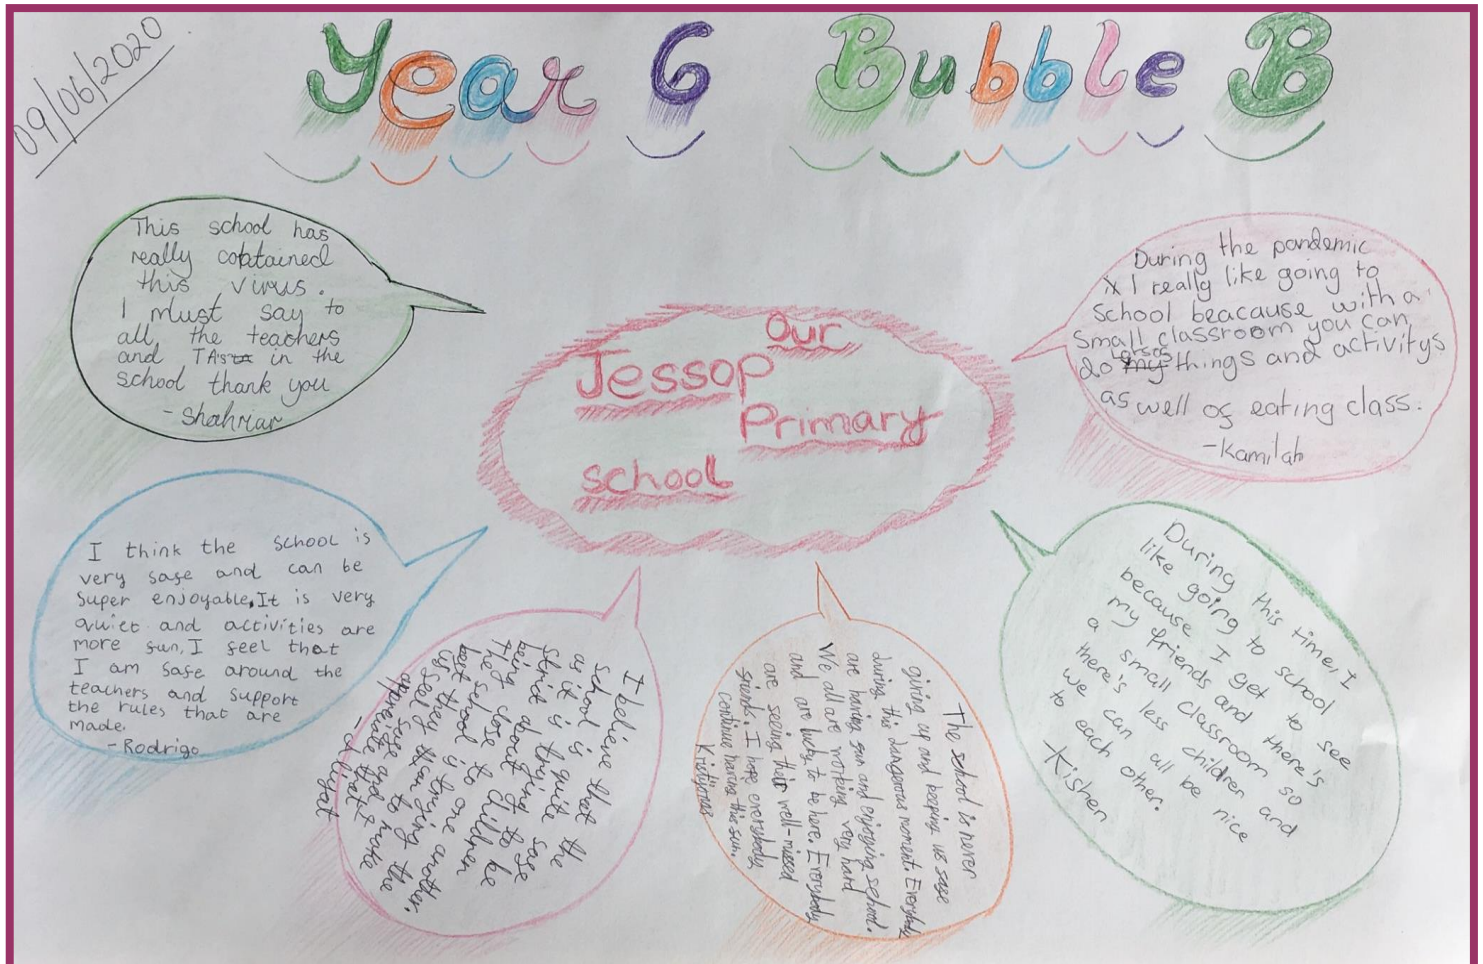

"Coming to school to continue my education is all I could have asked for. I'm so happy to be back!"

"I'm so excited to see my friends again, even though I can't hug them due to social distancing!"

"It's a lot easier to work in a classroom with support, rather than at home where there are so many distractions!"

Dear diary  
not tomorrow.

It was amazing because I met campers  
for holidays. I told you my mum, I turned into  
my old camp one with brown & red  
3 friends and it was really fun

We also had some really tasty  
snacks but after I had like 5  
thru I started to sick up. But I  
still had alot of sun.

Also my mum knew me this really  
cute bluet, me and my mum went  
to the park one day and we saw  
some people with a HUGO plane  
and it was really good even better than  
ours.

The Earthquake To Remember

April 5, was when it all began. Lockdown was lifted, school had started and I could not wait to see my friends! My teacher, Miss Acarharian, had already given us £1m. When I told my parents, they were shocked. But, they still let me go. I was going with one of my friends but I won't say, their name...

Anyway, it was quite sad leaving my parents at the airport but at least I had my friend. We finally arrived in Antarctica. We were both so excited to see polar bears and penguins most! We set up camp near a frozen cold stream. We finally found some penguins to look at. They were sooo cute! Then, the ground started to shake. I fell, and fainted. Everything went dark. When I woke up my friend was gone. I found her lifeless body in a pile of frosty paper white snow. How could I go home...
