Carnival

The children have embarked on another two amazing fun packed weeks! Not only have they been working hard in their lessons but have had extra curricular activities involving horse riding, book club sessions and not to mention the first week of wrap around care. There is so much more to come with the carnival, sports week and the Year 6 school journey. This newsletter celebrates only a few of the events and lessons that took place over the last two weeks. Hope you enjoy this edition and have a relaxing weekend!

Value of the Month

Honesty

Another fun filled day at Ebony Horse Club in Brixton! Our Year 5 children will continue to visit the club every Tuesday for the rest of this term. We are so proud of them for being so brave and determined.

## ***Pandas learning through play***

The children had a lot of fun playing and exploring the various activities around the room. While two children played hairdressers, others practised their scissor skills sticking spots on a ladybird. Others enjoyed playing in the small world areas. No matter what your interests are, there's always something fun to do in Nursery!

## ***Koalas in Action!***

Koala class have been learning about Hinduism this term, specifically looking at the famous story of Rama and Sita. We learnt how good triumphs over evil as well as how the festival of Diwali came to be. Here are some pictures of Koala class taking to the stage as they re-enact the story of Rama and Sita. Can you guess who is good and who the villain is in each group?

## Through the Eyes of a Microscope

Last term for PSHE, Seal class have been learning about germs and how to maintain their own hygiene. During our discussion Maceo shared with us that he had a real microscope and with his wonderful parent's support he brought one in. Seal class had so much fun exploring the different slides under the microscope and learning how the microscope works. A huge thank you to Maceo and family for helping us with our learning.

*Achieving excellence together*

Dear pupils, parents and carers,  
This year we are inviting you and your family to get involved in our annual carnival! We want to make this carnival full of celebration and joy and would like to invite you to design and make your own carnival costume as part of our **Summer Exhibition of Work 2021!**

<b>Year group</b>	<b>Country representing in the carnival</b>
Nursery	Korea
Reception	Latin America
Year 1	Barbados
Year 2	America
Year 3	Cuba
Year 4	India
Year 5	Jamaica/UK/Notting Hill Festival
Year 6	Nigeria

### What could you design and make?

We would like you to design and make a costume to wear for the carnival. This must be in the colours of the flag of the country you are representing and most importantly you **MUST** be able to dance in it!

You could make a headdress, a mask, a funky t-shirt or a full blown costume!  
Just make sure you use your imagination and try your best!

Please ensure that all projects are sent to school by and no later than Friday 16th July.

Carnival Date: Monday 19th July 2021

Thank you!

## Homework Star

For Computing homework where we are understanding algorithms, Chef Claudia got busy in the kitchen and followed the steps to make her chosen recipe for caramelised pancakes. Watch out British Bake off, there's a budding chef in town!
