Wizardry, Fairy Tales and Super Heroes!

World Book Day Meets Parent Reading Drop In!

On Thursday 3rd March Jessop was home to an amazing colourful diverse selection of people dressed up as their favourite characters from their favourite books. We had 16 Harry Potters! Your undercover reporter (disguised as Dodger from Oliver Twist) went round the school meeting parents, teachers and children to find out their favourite bits of world book day. Their responses included seeing everyone's costumes, seeing what books have been read, reading with their children, letting kids be themselves, sharing your favourite stories and dressing up. We also had a fantastic workshop from a story teller and author called Wilf Merttons, he is currently working on a story set in a dystopian future in an evil school, let's hope the school featured in his book doesn't start with a J and end in a P!!! His favourite part of world book day is being invited into schools to tell stories He said " On a normal day I am 5% popular, on world book day I am 100% popular" He also told me his favourite costume was a Where's Wally he'd seen at another school who kept on hiding and popping up again. As a final note my favourite part of world book day is seeing everyone share their love of books.

Over and out from your roving reporter, Kip

Achieving excellence together

Jessop Family Bring our Favourite Books Alive!

Just imagine becoming your favourite character from a book that you have read! Well that wish came true for the children at our school! Just how amazing is that?..... They were able to share this moment with their parents and carers. An amazing day had by all! A massive thank you to Ms Akcakiryan who had organised the whole experience for the children, parents and carers.

International Women's Day

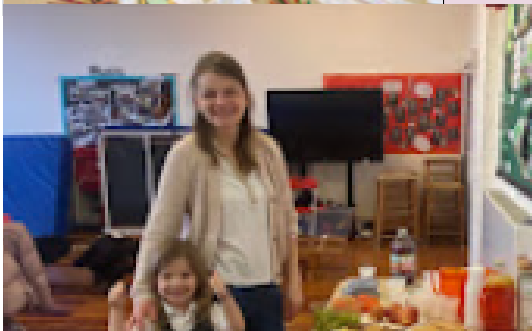

On Tuesday 8th March we opened our doors to host International Women's Day for our wonderful, inspirational female parents and carers. It was a lovely relaxed afternoon spent with their children doing a range of activities at set up stations including making bracelets, hand printing, card making and much more.

International Women's Day is an annual event that celebrates all the amazing things women have achieved throughout the years. It is a way to show how women have and continue to influence the world. As well as celebrating brilliant women, it's also used as a day to highlight and raise awareness about issues that women still face today.

A big thank you to all that came in to join in the celebrations.

Achieving excellence together

A Special Thank You

Jessop Primary had a fantastic donation hand delivered by one of our parents. Morrisons had chosen our school to donate a special box of books for our children to read. What a lovely surprise for all of our budding readers. A special thank you for your generosity and for helping us to promote reading to our children.

The Children in Year 3 Also received a surprise gift to encourage them to keep swimming. We were successful in our bid for Speedo Funding. The funding provided goodie bags for all children attending swimming lessons this year. The bid also secured access to Swimphony an attainment monitoring system for 12 months and funded school courses and holiday vouchers for those who require an intervention swimming programme.

Thank you for your generosity this is life changing for our pupils.

Cycle Hangers?

If you are interested in requesting one there is still time! Just read on....

After many years it looks like Lambeth might be finally looking at adding bike lockers near our school. This will really help parents and other neighbours. However there is a very short window in which to express an interest. The more local residents who request this, the more likely it will happen.

[Click to view in your browser](#)

You requested a cycle hangar, do you still want one?

Hello,

Thank you for expressing an interest in the installation of an on-street cycle hangar. If you applied for a cycle hangar before 2020, please reapply to let us know if you still want a cycle hangar to be installed on your street.

Resubmitting an application will help us to understand what's changed, as some people may have moved out of the borough or gained access to a hangar. We want to make sure we have the most up to date information that reflects our existing residents.

Please resubmit your application using the [online form](#) by 18 March 2022. If we don't hear back from you, your application will not be included, as we will assume you no longer have an interest in a cycle hangar on your street.

Please note that there is an extremely high level of demand for cycle **hangars** across the borough and that we are doing our best to address this.

If you have any further questions about on-street cycle **hangars**, please email cycleparking@lambeth.gov.uk.

If you live on an estate and have questions about cycle storage on estates, please contact our estate cycle parking team at hmcyclestorage@lambeth.gov.uk

Thank you
