

LAMBETH'S
BIG SHIFT

HELP DESIGN A MINI PARK FOR YOUR STREET!

Transform a parking space into a green-oasis, with funding from Lambeth Council's Big Shift Community Fund – apply by May 28.

Want more plants, flowers, and space to socialise on your street?

The Community Parklets Scheme can help you.

Parklets reclaim car parking spaces for the community, turning them into new, vibrant spaces where people can come together.

We are funding 25 community parklets covering every ward in Lambeth, and each one will be designed by local people – could you be one of them?
