

Children & Young People's Community Speech and Language Therapy Service

Therapy Admin 0203 049 8181
www.evelinalondon.nhs.uk/communityspeechandlanguage

Dear Parents/Carers,

Speech and Language Therapists will be supporting the development of student's speech, language and communication skills in areas like: attention and listening, understanding, talking and social interaction. This may include assessment, target setting, working with school staff, therapy and training. Your child may be on the caseload or they may be supported indirectly through classroom support and advice.

Speech and language therapists welcome the involvement of parents and carers. Please contact the SENCO to arrange to speak to or meet them in school to discuss your child's needs.

We offer training programmes for parents / carers and school staff. Please see our website www.evelinalondon.nhs.uk/communityspeechandlanguage for details of these courses. We also have a facebook page that is regularly updated with ideas <https://www.facebook.com/EvelinaLondonSLT/>

If you do not consent for your child to access speech and language therapy at their school, please contact the school directly.

Yours faithfully,

Speech and Language Therapy Team
